

NATION'S SOFT COAL SUPPLY FROZEN

FIVE POWERS
WILL CONFER
ON VETO USETACTICS OF RUSSIA
"OUT OF STEP",
SAYS BRITAIN

BY LARRY HAUCK
Lake Success, N. Y., Nov. 16 (AP)—Great Britain today leveled a strong attack against Russia's use of the veto as preparations went ahead for a meeting of the Big Five powers called to try for a private agreement on modification of the much-debated voting power.

In assailing the Soviet tactics, the British stood firm with the other four major powers against changing the charter as demanded by small nations but welcomed a chance to get the issue temporarily out of the hands of the general assembly.

Molotov To Attend
Philip Noel-Baker, British delegate, said Russia's position reminded him of the mother who said "everybody is out of step but my Johnny."

The British delegate spoke before the United Nations assembly's 51-nation political committee after France moved to suspend the debate pending the Big Five meeting. British sources reiterated that the session would be held on Monday in New York regardless of action on the French plan and declared assurances to attend had been received from all principals, including Soviet Foreign Minister V. M. Molotov.

In advancing his plan to close the debate, French delegate Alexandre Parodi lined up with the other big powers in opposing any revision of the charter but called for its amendment in the procedure of voting in the security council.

Now all of the five major powers except Russia have taken the position that the council itself should limit the use of the veto to rare and exceptional cases.

Need Clarification
The Soviet Union has not indicated its willingness to approve even modifications and clarifications, but Molotov's acceptance of an invitation to confer raised hopes that an eventual agreement might be reached to satisfy all the 51 nations.

V. K. Wellington Koo of China warned the committee that any hasty attempt to revise the charter "might undermine the very foundations of our organization," but agreed that the use of the veto should be voluntarily limited by the exercising members.

Koo specifically called for the

CIO Committee Is
Seeking "Harmony"

Atlantic City, N. J., Nov. 16 (AP)—The CIO, acting on an assumption that big business has "declared war" on it, was making a determined effort today to get its own house in order.

Existence of a division between the CIO's "right wing" and "left wing" was recognized more bluntly than ever before by the CIO leadership as they prepared for the CIO convention which opens Monday.

President Philip Murray, regarded as virtually certain to accept re-election, acknowledged today in a brief news conference the existence of a special CIO committee which is working on harmony.

Other leaders have disclosed that it has six members, equally divided between the right and left wings.

Weather

Reported by U. S. Weather Bureau

LOWER MICHIGAN: Sunday snow flurries and much colder, with temperatures falling to 15 to 20 Sunday night. Strong shifting winds Sunday.

UPPER MICHIGAN: Snow flurries and much colder Sunday. Strong northwesterly winds diminishing Sunday.

Trieste Control
Still Undecided;
Deadlock Feared

New York, Nov. 16 (AP)—The council of foreign ministers made progress today toward reaching a solution on the thorny issue of control of Trieste, but ran into a new snag on the problem of a deadline for removal of occupation troops.

A three-hour session ended with a decision to turn over to Deputy Foreign Minister Couve De Murville of France the problem of drafting an agreement on the issue of who should control Trieste police—a point which Secretary of State James F. Byrnes has termed essential to a solution on administration of the ancient Adriatic port, and to the prestige of the United Nations.

Persons present at today's deliberations viewed the developments with guarded optimism.

However, they cautioned that a decision would depend upon the exact wording of the question of police control.

Foreign Minister V. M. Molotov of Russia once again raised the issue of a deadline for departure of occupation troops from Trieste.

This, in itself, may prove an issue which will deadlock the council on a decision.

Molotov, apparently in a conciliatory mood, agreed to the supreme powers for the governor of Trieste, departing from his demand for a sharp reduction in power for the governor who would operate under the guidance of the United Nations Security Council.

HITLER'S LAST
DAY DESCRIBEDGerman Woman Flier's
Wierd Story Told
To Officials

Washington, Nov. 16 (AP)—A German woman flier's wierd story of the "comic-tragedy" last days of Adolf Hitler's air raid shelter in Berlin was published tonight by Justice Jackson's war crimes prosecution staff.

The flier, Hanna Reitsch, international known test pilot, told American questioners that Hitler's personality underwent "complete disintegration" in the final days before the Russians overran the shelter beneath the reichs chancellery.

Her 10,000-word account was included in the latest of an official series of volumes, along with Hitler's private and political wills and other documents which were not placed in the Nuremberg trial record. In it she said:

1. Almost to the last Hitler clung to the hope of rescue, waved papers in nervous twitching hands, or moved buttons to represent his non-existent armies on a sweat stained map "like a young boy playing at war."

2. Both he and Goebbels were incensed at the "treachery" of Goering and Himmler, whom Hitler in his political will ordered expelled from the Nazi party.

3. Goebbels strode and orated about his small quarters, while Martin Bormann, Hitler's designated heir, kept busy "recording the momentous events in the bunker for posterity."

4. Eva Braun remained true to her role as the show piece of the fuehrer's entourage. The rumor of the last minute marriage ceremony Fraulein Reitsch considered "highly unlikely." She called Goebbels' wife a "brave woman" who kept herself under control for the sake of her six children who perished with her.

5. The possibility that Hitler might have escaped alive was "completely absurd," because he would not have had the strength to leave even had a path to freedom been cleared through the ring of besiegers.

Fraulein Reitsch, credited by the interrogators with being possibly the last person to quit the shelter and live, was there April 26-30, 1945, said, with Lt. Gen. Ritter Von Greim of the luftwaffe, who had been summoned by air from Munich.

Crash Of Stolen
Car Kills Youth

Pontiac, Mich., Nov. 16 (AP)—An 18-year-old youth, James Peter, who dodged several police bullets as he drove a reportedly stolen auto, was killed tonight when the vehicle crashed into a tree as he sought to shake off police pursuers.

Sheriff's deputies and Pontiac police took part in the hectic, high-speed chase which began when two Pontiac patrolmen sighted the stolen car as they cruised the city.

They told superiors the occupant disregarded their signals to halt and that they chased him a couple of miles, firing at the auto tires, before he made good his escape outside of city limits.

'HELLO, TOKYO . . . I DO'—Probably a record for long-distance weddings is the recent marriage of Dora Lebedevs in Washington, D. C., to Capt. Walter Hettinger, stationed in Tokyo. Above, the bride is pictured saying "I do" as Dr. Howard S. Anderson, who performed the ceremony, slips the wedding ring on her finger. Bride and groom are from Chicago, where they met five years ago.

Removal Of Japan's War
Industries Urged; Will
Halt Future Aggression

Washington, Nov. 16 (AP)—Reparations Commissioner Edwin W. Pauley tonight urged President Truman to authorize complete removal from Japan of all war industries, rubber, aluminum and magnesium plants and to permit "substantial removals" from eleven other categories of Japan's economy.

Pauley made these recommendations to the president in a comprehensive report on reparations based on a first-hand study in the Far East.

Following what he called "a principle of severity combined with fairness," Pauley asked the president to allow the Japanese to keep 18 industries, and for the Allies to determine later what to do about textile machinery, synthetic fibres, cotton, paper and pulp.

Pauley suggested speed in making the initial removals because of "the rapid deterioration of a great deal of material in Japan, owing to exposure to the elements and to packing difficulties."

Under his recommendations, Japan would be denied all factories turning out arms, ammunition and implements of war, which presumably includes the aviation plants.

The United States currently has suggested to the 10 other nations on the Far Eastern commission that they consult with it in drawing up an interim directive instructing General MacArthur on how to divide the initial factories and equipment taken as reparations.

American representatives decided to follow this course after Russia steadfastly declined to accept an American proposal made in mid-July, for a specific reparations conference.

In his report, Pauley ruled against reparations in the form of forced labor, from current stocks and materials on hand, or from current production or from stocks and bonds of commercial enterprises or "recurrent reparations."

In appraising the effects of these removals on Japan's post-war economy, Pauley said:

"In every instance, my recommendations follows the principle of complete and accurate information in order to effect the industrial disarmament of Japan but, at the same time, to make it possible for the Japanese people to establish a reasonable economy under which they can live at peace with all nations and especially with the nations against which they so recently aggressed."

All the experts on his mission, Pauley added, were convinced the Japanese government eventually must be called upon "to furnish complete and accurate information in full detail" regarding the industrial facilities Japan has available.

Gov. Kerr Slated
To Be National
Democratic Head

Washington, Nov. 16 (AP)—Gov. Robert S. Kerr of Oklahoma was reported today to be the choice of party leaders to succeed Robert E. Hannagan as Democratic National chairman if the latter resigns in January as expected.

Friends of Hannagan, who recently went to Walter Reed hospital here for a physical checkup, report he has expressed a desire to step out as chairman at the annual meeting of the Democratic committee here shortly after the first of the year.

Hannagan is expected to retain his place in the cabinet as postmaster general.

Ford Plant Strike
Threat Vanishes

Detroit, Nov. 16 (AP)—The possibility of a strike at the Ford Motor company's big Rouge Plant, over the so-called "health hazard" dispute thinned out to the vanishing point today.

President Thomas Thompson of the CIO United Auto Workers Rouge Local 600 announced today that he would recommend approval of an agreement at a membership meeting tomorrow. The plant employs 65,000 men currently.

SENATE POSTS
DISCUSSED BY
GOP HOPEFULSTAFT - WHITE TEAM
GIVEN NOD AS
LEADERS

BY W. H. MOBLEY
Washington, Nov. 16 (AP)—Senate Republicans apparently settled today on a Taft-White combine to lead them in the 90th Congress but both Democratic and GOP House leadership races were further snarled by new aspirants.

Senator Taft of Ohio put everything but the final seal on the Republican set-up in the Senate with an announcement that Senator White of Maine is his personal choice for floor leader. Taft said he himself would "hope" to stay where he is at the head of the party's steering committee, a background job.

In the House Rep. Dirksen of Illinois announced his candidacy for the Republican leadership. The other avowed contestants are Reps. Halleck of Indiana and Jenkins of Ohio, with Clarence Brown also of Ohio, "available."

The race is for the job Rep. Martin of Massachusetts will vacate to become speaker.

Rankin For Demo
On the Democratic side the possibility of a north-south contest for the minority leadership arose with a report that Rep. Rankin of Mississippi may be a starter.

Some Southerners are dissatisfied with the present Democratic leader, Rep. McCormack of Massachusetts, but Rankin's leadership part in the affairs of the union-American activities committee has helped put him in disfavor with a number of his colleagues from other sections.

The Rankin report reinforced talk of "drafting" Sam Rayburn of Texas, the retiring speaker who has said he does not want the leadership post to which he is the natural heir. There also was talk of Rep. Walter of Pennsylvania as a compromise candidate.

While the one leadership situation was being clarified and the others muddled, there were these other main developments on the congressional and politics front:

Investigate Bilbo
1. The Senate campaign investigating committee voted unanimously to hold public hearings in Mississippi, no later than Dec. 2.

RESCUE PARTY
REACHES PLANEFind 11 Passengers All
Dead; Some Searchers
Forced To Return

Burbank, Calif., Nov. 16 (AP)—Marshall Wooster, Western Airlines chief pilot, said tonight that nine members of a ground posse had reached the wreckage of a Western plane which crashed Wednesday on White Mountain with 11 persons aboard.

Wooster said there was no indication from the posse that any of the 11 aboard the plane were still alive, and he presumed all were dead.

Two of the nine men to reach the wreckage made camp and prepared to spend the night on the snow-covered peak, Wooster reported. The other seven started back to the camp at the base of the mountain at dusk.

The new information Wooster said was radioed to the camp from a walkie talkie carried by the main searching party, which he earlier reported had turned back after struggling upward to within 300 yards of the wreck.

Wooster said he dropped a note to the men aloft, telling them they apparently were within 300 yards of the plane, asking if they could go on to it if food and sleeping bags were dropped to them and requesting them to write "yes" or "no" in the snow.

He said they got the note, wrote "no" in the snow and continued backtracking down the mountain, evidently feeling it was unsafe to remain on the peak longer.

Wooster also said he could see the horse and mule-borne search party turning back down the extremely rugged and steep slope, covered with waist-deep snow and thick brush.

It was possible the party was seeking a different path but Wooster said it appeared from the air the searchers were forced to seek safety themselves before dark.

The wreckage lay at about 5,800 feet in a saddle below the summit of the 6,233-foot peak.

Deer Hunting Death
List Reaches Eight;
Others Are Wounded

(By The Associated Press)

The death list from Michigan's first big postwar deer hunting season reached eight Saturday as four more fatalities and numerous injuries were reported.

Gunfire claimed three more lives, bringing that total to four, three have been killed in auto accidents and one hunter has died of a heart attack.

Latest rifle victims were William Tompman, 65, of Marshall, Arthur E. Friday, of Gladwin, and Wayne Maki, 31, of Amasa, in Iron county.

Tompman's body, shot through the stomach, was found in Greenwood township, Oscoda county, 15 miles northwest of Mio. Friday was killed east of Winegar in Gladwin county, authorities said, by a man who said he had just seen two deer. Maki's body was found in the woods three miles east of Amasa.

Maki, who had a bullet wound in the chest, went hunting late Friday with a companion but they became separated after dark. His body was found after an all-night search. Iron county authorities began an investigation immediately.

The other gunfire victim was Raymond D. Shonk of Benton Harbor, who authorities said was mistaken for a bear by a companion.

The three who were killed in auto accidents were Stuart McCallum, 29, of Lapeer; William D. Thiel, 26, of Flint; and Jack Hensley, 47, of Detroit.

Wayne Sanders of Royal Oak was taken to a Cheboygan hospital Saturday after his brother, Roy, fired at what he thought was a deer and hit him in the leg. They were hunting near Cheboygan.

Hospitalized at Saginaw was Neil Winn, 29, who lives near Lapeer. He was shot in the knee by an unidentified nimrod while hunting near Indian Lake, seven miles west of Tawas City.

Joseph F. Haslem of Memphis was wounded when his gun accidentally discharged while his hand was placed over the muzzle. Wayne McClos, of Route Four, Muskegon, was seriously hurt by a stray bullet which struck him as he was hunting near Johannesburg.

The legal kill was reported heavy in all districts as snow started to fall in the western Upper Peninsula. Rain in other areas was expected to turn to snow by night.

Road conditions were good in the south. The highway department reported, but in the north side roads were in poor condition from recent wet weather.

The State Conservation Department reported there had been 253 violations of hunting regulations to date.

Search parties were sent out for four hunters who have been reported missing.

Elmer Shellnut and Bozo Jones, of Hazel Park, were reported lost in the woods north of Covington since noon Friday.

Charles Gleason, of Paw Paw, has been lost north of Hulbert since Friday noon and Herbert Elisee, 71, of Coopersville, has been missing in the Sheddale area in Chippewa county since Friday afternoon.

The statement entitled "Man and the Peace," was issued by the Catholic bishops at the close of their annual meeting here. It was signed in their names by the administrative board of the national Catholic welfare conference, headed by Samuel Cardinal Stritch, archbishop of Chicago, as chairman and Francis Cardinal Spellman, archbishop of New York, as secretary.

The statement mentioned the rights enumerated in the American Declaration of Independence as those native to man and noted that "throughout the war our battle cry was the defense of native freedoms against Nazi and Fascist totalitarianism."

"The aftermath of war," it continued, "has revealed victorious Soviet totalitarianism no less aggressive against these freedoms in the countries it has occupied."

The statement added that "the reports of the deportation of thousands in areas of Soviet aggression to remote and inhospitable regions just because they cannot subscribe to Communism tell of a cruel violation of human rights. These men are men and have the rights of men."

The bishops called upon the nations "to continue their work of relief until the danger of widespread starvation and disease is gone and peoples are able to provide for at least their own basic needs."

Detroit Police
Go Deerhunting;
Over 450 Absent

Detroit, Nov. 16 (AP)—An emergency session of the executive police staff was summoned Saturday to review furious practices which police commissioner John Ballenger said freed nearly 11 percent of the department's strength over the first deer-hunting weekend.

On being informed that 395 policemen were off duty, including 61 or 16 percent of the city's detective division, Ballenger called the executive session immediately, but first promised "severe discipline" for any department heads allowing an unusual number of employees to be away at one time.

In addition to the 395 on furlough 60 were absent because of sickness and other reasons.

MINE STRIKE
THREAT CAUSE
OF RATIONINGSECOND APPEAL TO
JOHN L. LEWIS
IS IGNORED

BY NORMAN WALKER
Washington, Nov. 16 (AP)—A drastic government order froze the nation's meager soft coal supplies and placed them under rationing today as John L. Lewis stonily stood pat on the challenge which threatens a strike at midnight Wednesday.

Going far beyond the freeze order issued at the time of the bituminous strike last spring, the government seized control not only of future coal production but also of all stocks now in transit and in dealers' yards. It will be doled out only to utilities, railroads, ships, hospitals, laundries, food plants and householders having less than ten days' supply on hand.

"Issuance of these orders is an essential precaution in view of the unwillingness of the president of the United Mine Workers to accede with the president's request to reconsider the government's proposal looking toward a settlement of the coal controversy," Secretary of the Interior Krug told the worried public in a statement.

Ignores Second Appeal
As the government thus prepared for the worst, Lewis ignored the administration's second appeal for a 60-day truce and its pointed warning that he has no legal grounds for terminating the miners' present contract.

Members of the operators' negotiating committee, who had agreed to the administration proposal for negotiations with Lewis over his new wage demands, took Lewis' refusal at its face and scattered to their homes.

The freeze of the coal supplies, effective as of noon today, was in three orders. One covered coal in transit and that which may be produced hereafter, estimated to come to 8,500,000 tons by midnight Wednesday with normal production. Another covered all coal in shipment on the Great Lakes or other waterways, including tidewater shipments not affected by earlier freeze orders. The third covered all coal in retail yards.

Possible Legal Action
None of this coal may be distributed to consumers from now on except upon permission of the Solid Fuels Administration. This agency authorized its area and re-

(Continued on Page Two)

Confidence Vote
From Commons Is
Sought By Attlee

London, Nov. 16 (AP)—Prime Minister Attlee, assuming the role of a fighting leader, is prepared to ask the House of Commons Monday for his first vote of confidence to crush decisively a revolt in the labor party against his foreign policy.

An authoritative government informant declared today that it was "quite probable" that Attlee would take this action to "show how small" is the vote of rebel labor party members whose criticism of Foreign Secretary Ernest Bevin has precipitated a minor crisis in government ranks.

Whether Attlee will go to the extreme depends upon the lengths to which the rebels themselves carry Monday's discussion of foreign policy brought about by their proposed amendment to the "King's address," which constituted Attlee's official declaration of policy for the 1946-47 parliamentary session.

Another Coal Strike

JOHN L. Lewis is up to his old tricks again.

The coal miners' union boss, who has never shown anything but the greatest of scorn for public interest and who arrogantly believes that he is the biggest man in the country today, has called another strike of the nation's coal miners to begin Wednesday of this week.

This will be the second coal strike of the calendar year. The last one, starting April 1, lasted 59 days and practically tied the nation's economic life in knots that even now are not entirely unraveled.

Now, as then, Lewis is demanding wage increases for the coal miners but this time the strike, if it materializes, will be against the government of the United States, which seized the mines last spring and entered into the contract which Lewis now denounces.

The government's inept handling of the strike threat is apparent by its demand that Lewis bargain for his new wage demands with the coal mine operators, rather than the government. The intent obviously is to pass the buck. The government management of the coal mines apparently has a bull by the tail which it now would like someone else to grab.

In any case, the situation is one that calls for stern action. A prolonged coal strike at this time constitutes a threat to the nation that cannot be passed off lightly.

The alternative, yielding to the demands of Lewis and boosting the wage ante, is equally untenable. The result would inevitably be another general round of wage demands all over the country, with a disastrous effect upon the general price level which already is ridiculously high.

It won't be long, in any event, before we learn definitely whether John L. Lewis is actually the real ruler of this nation or whether there is authority greater than he.

Why Was He Fired?

THERE is something funny about the recent dismissal of O. John Rogge, former assistant attorney general, after he had given an address on seditious activities in this country, as revealed in official Nazi papers seized in Germany.

Rogge was discharged by Atty. Gen. Tom Clark, who accused his aide of unethical practices in disclosing some of the information he uncovered in his investigations of espionage activities in this country. The only conclusion that can be drawn is that the Nazi archives are pointing the finger on some prominent American citizens, who were taken in by Herr Goebbels' propaganda before and during the war.

For some reason or other, there is a tendency in official circles to regard the Communist menace as more serious than the Fascist. No choice can be made between Communism and Fascism, no matter whether the latter be of the German, Italian or Spanish brand. Both ideologies should be repugnant to all good Americans, who have an intelligent understanding of what democracy and individual freedom mean.

Organizations like the Ku Klux Klan and the recently organized Columbians in Georgia, which preach hate and bigotry, are merely American counterparts of European Fascism. There is a possibility that we shall be obtaining more information on Nazi collaboration with native American Fascists during the past several years for Mr. Rogge has announced he will take to the lecture platform to tell his story to the American people.

Nothing but good can come from the exposure of foreign enemy activities in this country. It may give the American people a better idea of the menace of religious and racial intolerance.

Recession Possible

WHEN U. S. Senator Homer Ferguson visited the Upper Peninsula recently, he voiced the thoughts of many others, as well as himself, that there may be a sharp recession in business some time in 1947.

Manufacturing, mining, trade and wages have been good for years. Savings are the highest in history, and many a thrifty man owns a home free and clear for the first time in his life, and he has money in the bank. The families of such men will ride the storm well, if it comes. They have the money which too often goes for booze or is idly frittered away.

All over the country business is in good shape, and it also can ride out the gale, if there is one. The successful business, like the thrifty wage earner, is the one that saves its money. In other words, it likes to accumulate a surplus, if only a small one, in the good years, so that it can have an anchor out to windward when the lean times come, as they always have. Unfortunately, under present federal income tax laws, business does not get a chance

to save as much as desired for the inevitable rainy day.

The successful business is one that gets along with its employees. It doesn't want all the profits, but is willing to share. An eastern oil concern has been much in the limelight lately. It hasn't had a strike in 50 years, and the U. S. Chamber of Commerce in Washington can tell how it was done. The record is being studied all over the country by labor and capital.

Strikes, shutdowns, lockouts and other industrial disputes help to bring about depressions and to intensify them. The wise ones everywhere are working together to prevent another smash if possible, which would be ruinous to capital and labor alike. The answer, of course, is in mutual consideration and the building of unity in which all share equitably. On the outcome of present attempts at cooperation and understanding will depend, in large measure, the continued prosperity or the much feared recession.

Enrollment Drops

THE end of the first six weeks period at the University of Wisconsin has resulted in an enrollment drop of more than 600 students. It is probable that a similar situation exists at other colleges and universities throughout the country, all jam-packed with swollen enrollments.

Those who have left the university generally are students whose grades for the first period were too discouraging to warrant continuance at the university under adverse conditions of overcrowding. Others left because the courses they wanted to take were already filled and they elected to take substitute courses. At the end of the first term, they decided it just wasn't worth it.

The important thing, however, is not that 600 students have left the University of Wisconsin, but rather that nearly 18,000 are staying on, determined to get a college education with an opportunity under the GI educational privileges never before offered to a great mass of Americans.

Other Editorial Comments

BRIDE'S DRESS STILL NEWS (Saturday Evening Post)

A generation of newspaper editors has looked sourly on one of the standard parts of the conventional wedding story—the elaborate description of the bride's costume and less-detailed references of what was worn by the bridesmaids. According to the practical editorial mind, the real news is who is getting married to whom. Some editors have even timidly thought about reforming the society news by leaving out any mention of the bridal garb.

Well, for the benefit of those who may have considered such a reform, it has been tried and it won't work. In a recent issue of the Pierce County Tribune, of Rugby, North Dakota, Editor Frank Hornstein makes the following admission and surrender:

"Some time ago our society editor talked me into the idea that we should have wedding accounts without all the falderal of who wore what. With some misgiving, I consented. But beginning this week we are again doing them as of old. My sincere apologies to all the gals who got married during the blackout. Clothes are important to women, and certainly what they wear on their wedding day is doubly so."

The wedding accounts in that issue of Mr. Hornstein's paper carried full details of the bridal raiment. Here, at least, is one custom which has survived the challenge of efficiency, and will continue to provide the gals with conversation.

LAWS, LANGUAGE AND LOGIC (Milwaukee Journal)

The vagaries of legalism frequently seem to deviate so far from the ordinary path of logic as to be incomprehensible.

Takes the ruling of Atty. Gen. Kenny in San Francisco, as reported in Time magazine: He decided that prison made gals which can be sold to the public cannot be sold to convicts because "the public" means "people at large."

This certainly raises the question as to whether common sense is as common as it should be.

Take My Word For it . . . Frank Colby

READERS WANT TO KNOW

Little Rock: In the expression, to live "in the sticks," should it not be "Styx," the gloomy river?—F. R. B.

Answer: Sorry, no. Sticks, in this expression, refers to the backwoods, or "tall timbers," hence, a country region that is remote and backward.

Santa Barbara: To settle a dispute, please tell us how the "o" is pronounced in the word coffee. Is it short as in cop, or like the "aw" of cough?—H. D. C.

Answer: Dictionary opinion is somewhat divided. Some dictionaries show only the short "o" as in cop; some show the "aw" sound as in cough; others show both sounds. My own opinion agrees with Kenyon and Knott's Pronouncing Dictionary: "In coffee, 'aw' (KAW-fee) clearly prevails in all regions of United States." In the East the short "o" is quite common, but not universal.

San Diego: What is the origin of the term boss, for employer?—Mrs. J. S.

Answer: It is from the Dutch word baas, meaning "master."

Pittsburgh: On a quiz program it was stated that George Washington was not born in the United States. How can that be true?—L. C.

Answer: George Washington was born in Westmoreland county, Virginia, in 1732. But the United States did not come into existence until 40-odd years later.

San Pablo: Where does Charlie McCarthy get the pronunciation "LAP-ul"?

World Events Analyzed

BY MARQUIS CHILDS

Washington—Because the negotiations have been proceeding in a series of complicated moves difficult to follow, the general public has not been aware of how much turns on the outcome of John L. Lewis' newest demands for his coal miners. Personalities and politics are deeply involved in this savage tug-of-war.

If Lewis gets all that he is asking from the government—and that is plenty—it will be the signal for the second round of strikes. The CIO unions will have to follow the Lewis lead. They will have to ask for even more because of the intensive competitiveness between the AFL and CIO.

But the CIO unions are not in the same position as Lewis and his miners. They will face not the government but private owners determined not to yield and backed by an aroused public opinion. Neither do they have anything like the financial resources which Lewis wields.

—LEWIS HATES CIO—

There are those who believe that one of Lewis' chief objectives in the present struggle is to wreck the CIO. His hatred of Philip Murray makes the passion felt by certain large employers seem pale by comparison. Interestingly enough, Lewis' present maneuver coincides with the convention of the CIO in Atlantic City, where, it now seems likely, Murray will be prevailed upon to take another term as CIO chief.

Against this background, Secretary of the Interior J. A. Krug, in charge of the coal negotiations for the government, has taken a firm stand. He has told the president, not once but several times, that if the government gives in to Lewis, then it will be in the position of actually sponsoring the second round of strikes.

Backed by a strong legal memorandum, Krug insists that the Smith-Connally Act will apply if the miners walk out on the ground of "no contract." Lewis can be punished under the act even though he says that such action would not be a strike, Krug contends. While Attorney-General Tom C. Clark began by taking the opposite view, he is now understood to be in agreement with the Department of the Interior.

—HAS FRIEND IN STEELMAN—

In making the preliminary moves to checkmate Lewis, Krug, an adroit chess player, has had his eye not merely on Lewis, but on Lewis' good friend in the White House, this friend is John R. Steelman, director of the Office of War Mobilization and reconversion.

Steelman is very close to President Truman. He has also been from time to time very close to Lewis. At least once before, he intervened in a coal dispute which was settled on terms highly favorable to Lewis. But his contact with the United Mine Workers began considerably before that, when, as a college professor, he arbitrated local coal-mine disputes.

While Krug has made no threat of resignation or anything like it, he does make it perfectly clear that he will not back down from a stand he believes to be correct. For several reasons, he happens to be in a strong position.

Although he has been Secretary of the Interior only since March, he has made a good impression in that office. During that time, he has inspected the work of the department at every important center, including Alaska. Veterans in the department say he has done more traveling than former Secretary Harold L. Ickes did during his 12 years in the same office.

—KRUG RECEIVES OFFERS—

At the same time, Krug has had several very flattering offers from private business. One of these would mean, it is said, a salary of at least \$100,000 a year, which compares with the \$15,000 he receives as a cabinet officer.

His department from the government on the coal issue would cause major repercussions within the battered Truman administration. At the time of his appointment, following the rumpus over Ickes' resignation, Mr. Truman said that Krug was his own personal choice for the office.

Krug's real objective is to turn the mines back to the private operators. They are willing to discuss such a move. But at the same time they say they will not accept the terms of the May 28 contract which was signed when the government took over.

Lewis is demanding much more than he gets under that contract. As the negotiations move toward a showdown, Mr. Truman will be on a Florida vacation. Somehow or other, the three men around the chess board—Krug, Lewis and Steelman—will have to play the game to the end.

Thieves in a Kansas town stole a stairway from a new home. Police are now taking steps.

"Industrial Buyers Using More Care"—headline. And they're not the only ones, brother!

for the word lapel (of a coat)?—Mrs. C. R. W.

Answer: From Edgar Bergen, who else? But lapel does not rhyme with apple. All dictionaries give it as: la-PELL. (Charlie ought to speak to Bergen about that.)

M. K., of Savannah, finds this want-ad classic in a Georgia daily: "Wanted, three-room apartment by working couple; no pets, children or other bad habits."

Hollywood: There's a newscaster out here who pronounces Wednesday as "WED-unz-deh," with the "d" sounded. Pretty, eh?—O. C. T.

Answer: Yes, and non-American. In plain and correct United States, Wednesday is: WENZ-dee; or: WENZ-day.

What a Difference There Is in Housekeepers

Good Morning!

—By The Bugler—

TAKING THE SPLIT—Michigan cities, Escanaba included, will receive a rebate from the state sales tax under the provisions of Proposal No. 2 which was adopted

in the recent election, and amended the state constitution to provide a redistribution of the sales tax.

How much Escanaba and Gladstone will receive, we do not know. Presumably it will be a large amount annually. It is reported by the Sault Evening News that Sault Ste. Marie will receive \$75,000 and that the mayor and city commission there are "carefully planning what they will do with it."

The townships also will get a split of the sales tax. How much that will be in round numbers we do not know. Undoubtedly it will be a considerable figure—considerable considering that in 12 of Delta county's 14 townships no taxes are levied to support township government, which has enough revenue without local property taxes.

THE LION'S SHARE—The schools, of course, will receive the largest share of the sales tax which will be rebated to local units of government under the terms of the amendment.

Unlike the townships and many of the cities in Michigan, the schools need the money badly and it will take little planning for them to determine how it should be spent. One of the first things—presumably—they will do with the increased revenue will be to raise the salaries of the teachers. Undoubtedly this will be done, for the schools campaigned for passage of the proposal by pointing out the often shamefully low salaries the teachers receive.

The schools also have a building problem which the increased revenue will help solve. Altogether the schools will have little difficulty in deciding what to do with their sudden wealth. They will do some of the things which should have been done years ago to make for a better educational system in Michigan.

THE CITY PROBLEM—From the standpoint of public good, the cities, townships and villages, who are also beneficiaries under the amendment, will have a more difficult time planning worthwhile uses for the additional revenue they will receive.

The above statement will certainly meet with disagreement from certain city officials in Lower Michigan who actively campaigned for the amendment's passage. In a dozen or so Lower Michigan cities where the people have limited their taxes to not more than 15 mills, the financial condition is serious. In fact their finances have been serious ever since they voted to put a ceiling on their taxes. They did nothing to remove the ceiling, however, and in certain cities the most essential services, such as health and sanitation, have been impossible for reasons for which they alone were to blame.

Those cities will continue to operate under the 15-mill tax limitation.

What will the other cities in Michigan do? Will the taxpayers in those cities continue to pay a high tax rate despite the addi-

10 Years Ago—1936

Leon D. Case of Watervliet, who was recently elected secretary of state in the Democratic landslide, arrived in Escanaba last night to spend the weekend visiting with friends.

The persistently rumored and frequently denied romance between Mary Pickford and Charles "Buddy" Rogers, crystallized to night in the informal announcement of plans for a wedding this spring.

Mrs. Elmer Winimer of Los Angeles, Calif., is visiting here for a short time at the home of Mrs. Mary Nolden, 329 North 15th street.

Mr. and Mrs. John Labre, 302 North 16th street, are the parents of twins, both sons, born Monday morning at St. Francis hospital. Gladstone's snowplowing equipment got its first workout of the season Sunday following a fairly heavy fall of snow Saturday night and Sunday morning.

Fire of an undetermined origin that started in a clothes closet at the home of Werner A. Olson, 805 South 18th street, destroyed all of the clothing of the children which was kept in the closet.

20 Years Ago—1926

Rehearsals for the home talent play, "Too Many Wives" to be given under the auspices of the dramatic society of the St. Joseph's parish are still under way. The play will be given at St. Joseph's auditorium on Sunday afternoon.

Mr. and Mrs. H. P. Cox, 1008 South First avenue, were pleasantly surprised at their home Monday evening by a large group of friends, the occasion being the 11th anniversary of their marriage.

J. H. Kittner has returned from a business trip to Iron Mountain. Miss Loretta Richards left Monday for Fond du Lac where she will enter the convent at St. Agnes convent. The Misses Lillian and Edna Pepin accompanied her to Fond du Lac and returned to this city yesterday.

The first accident to be reported during deer season occurred Tuesday afternoon, five miles south of Republic, when William Tuosko, 31, received a charge from his shotgun in the right hand. He was taken to the Republic hospital for treatment. Amputation will be necessary, doctors reported.

tional funds their cities receive from the sales tax?

Such questions are most pertinent and should receive the fair consideration of city councils and commissions, which are empowered to establish tax rates on the basis of the city's budgetary needs.

THE RESPONSIBILITY—As reported by the newspaper of that city, Sault Ste. Marie's city commission and mayor are carefully planning what they will do with \$75,000 in sales tax revenue.

Apparently they are planning ways in which it should be spent. It is the responsibility of city government to give the people what they want—and are willing to pay for. The people of a city can be encouraged to pay more taxes to pay for more services if they want the services.

Do the people of Sault Ste. Marie, of Escanaba, Marquette, Gladstone and other cities want additional services paid for from sales tax money? Or do they want no more services than they now receive?

If they do not want additional services, the cities will have sales tax funds to be spent for purposes which the people have not decided upon.

Under such conditions, and until the people decide, such additional revenues might be en-

Q&A Service

—By WS Bureau—

YOUR INFORMATION SERVICE

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) Mail this coupon and a 3-cent stamped, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C. for a personal reply. Don't telephone: write as directed.

Q. Were veterans who served in 1939 and 1940 (before actual hostilities) entitled to wear the honorable discharge emblem?

A. Yes, all those who served honorably on active service in the armed forces of the United States at any time since September 8, 1939, are entitled to wear the lapel emblem signifying such honorable service.

Q. How does the War Department define a "Casual Company"?

A. A Casual Company is one in which a group of unassigned men are grouped together for transportation to or from overseas or such men may merely be awaiting assignments to permanent units. A "casual" is merely an unassigned man.

Q. Who said: "You may fire when ready, Gridley"?

A. Admiral Dewey, at the Battle of Manila Bay.

Q. What was the "lame duck" session of Congress, and what and why was it so-called?

A. Before the adoption of the 20th Amendment, it was the short session after a Congressional election, which contained many "lame ducks" or defeated members.

Q. Why do the Laplanders wear skins with the fur inwards?

A. Because the dry skin prevents the winds from penetrating to their body; and the air (between the hairs of the fur) soon becomes heated by the body in consequence of which the Laplander in his fur is clad in a case of hot air, impervious to the cold and wind.

Q. Why do cellars feel warm in the winter?

A. Because the external air has not free access into them; therefore they remain almost at an even temperature, which (in winter-time) is about 10 degrees warmer than the external air.

Q. What well-known silent film actor has refused conspicuously to make a talking picture?

A. Charles Chaplin.

SPEAK SPANISH

THE PAN AMERICAN VOCABULARY—A three-language, 24-page dictionary, combining and correlating English, Spanish, and Portuguese (as spoken in Brazil), also PAN AMERICA AT A GLANCE, a 17x22 inch chart portraying the Pan American Highway and other miscellaneous date. marked and set aside in a fund which would be used where the people have expressed their desires in the matter.

Or city taxes might be reduced in an amount equal to the amount to be received in sales tax revenues.

It is not only city commissions who should plan carefully for the expenditure of such public funds. The people themselves must decide how such increased revenue will be spent.

—Clint Dunathan.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington—President Truman is a sincere, hard-plugging advocate of unified armed services, but he should persuade his army to obey the policy of its commander-in-chief.

At present the army is building a special wing to Walter Reed hospital at 12th and Dahlia streets in Washington which will exactly duplicate the Navy's.

This wing is to take care of the president of the United States.

Simultaneously, the navy also has a floor of its Bethesda Naval hospital reserved for the president. It is all set to take care of him at any time. However, medical officers have changed in the White House and a navy doctor isn't in command any more. The army now runs the show.

Roosevelt, always partial to the Navy, appointed Adm. Ross McIntire White House physician. But Truman, who served in the army, selected Brig. Gen. Wallace Graham as White House physician.

And of course an army doctor does not like to practice in a naval hospital. Therefore the Army Medical Corps, wanting to avoid the humiliation of sending the president to a naval hospital, authorized a new wing to the Walter Reed hospital. Thus, at the expense of thousands of feet of scarce lumber, tons of strategic metal and several thousand bricks, the special wing for the president is being built.

NOTE—One purpose of Army-Navy unification was to prevent duplication and cut down expense.

—U. S. VS. U. S. S. R. DEMOCRACY—

Secretary of State Jimmy Byrnes has been telling the following story about the difference between Democracy in Russia and the United States.

"An American soldier," he relates, "was talking to a Russian soldier in Berlin. The American said that in his country, he could go to Washington without a permit, go to the White House, wait his turn, get to see the President and tell him that he doesn't like American foreign policy. That's Democracy," said the G. I.

"That's nothing," the Russian soldier replied. "In my country I can go to Moscow, knock on the door of the Kremlin, walk in, wait my turn, see Stalin, bang on the desk and say 'Mr. Stalin, I don't like Truman's foreign policy either!' and nothing would happen to me. That's real Democracy."

—REPUBLICANS EYE JOBS—

With the Republicans back in power in Congress, a move to put Republicans into important executive offices can be expected. President Truman will have to give Republicans increasing patronage in order to get senate confirmation of Democratic appointees to the cabinet and other posts.

One early arrival in Washington may be Nelson Rockefeller, who never liked being booted out of his job as Assistant Secretary of State by Truman. Rockefeller has been keeping his hand in at the diplomatic game by entertaining United Nations delegates, and, shortly after the elections, he confided to a friend at the United Nations: "I guess I'll be back in Washington soon, now that my party won the elections."

—NEW NAVAL BOSS—

Newly enlisted men will find they have a new friend among the top brass in Assistant Secretary of the Navy John Nicholas Brown, of Newport, R. I. Millionaire Brown, who traces his ancestry directly to the Roger Williams expedition which settled Rhode Island in 1636, can point to a rich naval background.

A member of his family, John Brown, led the first American Naval Expedition when, with a party of men disguised as Indians, he boarded and burned the British Frigate Gaspee in Narragansett bay shortly before the Boston Tea Party. A brother of this John Brown was a founder of Brown University, named for the family of the New Assistant Secretary of the Navy.

Brown himself served as an enlisted seaman in the first World War, and caused plenty of headaches among the supply officers. He stands six feet five inches in height, and the Navy simply couldn't find a uniform to fit him. His mother, trying to be helpful, ordered a uniform from the family tailor in Newport, but it was found to be nonregulation. Fortunately for everyone, it was stolen the first night after it arrived.

Although his family background was strictly GOP, Brown was a supporter of Al Smith in 1928 and of the late President Roosevelt in his first, second and fourth campaigns for the White House. He backed FDR despite his experience in World War I with the "Roosevelt Cot."

STATE TO RUN JOB SERVICE

11 Persons Employed In
Local Office By
Agency

The United States Employment Service office in Escanaba, which has been under federal control since January 1, 1942, returned to state control yesterday.

Whether the name of the organization will be changed as the result of the shift has not yet been announced but it is probably will be revised to indicate the state control.

The office employs 11 persons in Escanaba, but only seven are affected by the change in status. The remaining four are in the unemployment compensation division which remained under state control throughout the war years. The seven persons affected are employees of the employment service.

Most of the personnel formerly were under state employment and those who were added during the war years may be required to take competitive or qualifying state civil service examinations.

James Damitz is manager of the Escanaba office.

George Bernard Shaw wrote for nine years before he could make a living at writing.

With The Deer Hunters

Harold Winchester, 617 South 18th street, and Bud Winchester, Stephenson avenue, have gone hunting at a camp at LaBranche with Louis, Joseph and John Butryne and Vernon DuBrook of Schaffer.

Rodney Lindstrom, son of Mr. and Mrs. Lloyd Lindstrom, 314 South 18th street, shot his first buck Friday. It weighed 210 pounds and was a 10-pointer. Rodney is 16 years of age.

Bob Thompson of Boney Falls was one of the first hunters to fill his license when he got a 10-prong buck about 11 o'clock Friday morning.

Warren Lee, 702 S. 12th street, shot an eight point buck Friday morning at 8:20 o'clock at his father's camp north of Nahma. He is the son of Mr. and Mrs. Juel Lee.

Fred Menard, 1114 Fourth avenue south, shot a 150 pound buck near Foster City on Friday, opening day of the deer season.

Clarence Dittich, Steve Brayak, Elmie Bittner, Jimmie Porath, Ernie Klein, Tom Brayak and Ronald Dittich of Ford River Switch are hunting at a camp at Nahma.

Also hunting are Glen Billy,

Earl Iverson, John Brayak and Ray Bero of Ford River Switch at a camp at Hardwood.

Other Ford River Switch residents who are hunting are Clarence Kasten, Harold Dittich, Bert Steingraber, Irving Mathews, Bert Fenlon and Frank Fenlon in a camp at Stonington, August Severinsen, Bill, Chester, Ronald, Herb and Harold Severinsen, Jerry Fenlon, Julius Courville, Frank Wetherell and Berbie Wetherell are hunters at a camp at Northland.

Edward La Fave, Route 1 Escanaba, shot a buck Saturday at 11:30. It weighed about 100 pounds and was a 9 point deer.

Carl B. Johnson, 1227 Stephenson avenue, shot a 175 pound buck Saturday afternoon.

J. T. Sharpsteen, Hall Gerletti and Alfred Johnson have joined the red-coats in the annual deer chase. They are at Camp Michago near Alfred.

Henry Pepin of 1320 North 23rd street Friday morning bagged his buck while hunting in the Huron Mountains west of Big Bay in

Briefly Told

Kiwanis Club—Dr. Melvin Johnson, director of the Delta county health unit, will be the speaker at the meeting of the Kiwanis club at the Sherman hotel Monday noon.

Low Flier—The plane, which flew over the housetops here yesterday morning, bringing many Escanabans out of a sound sleep, was piloted by Arthur Hillmans of Saginaw, who was on his way to Antigo, Wis. Due to the low ceiling, Hillmans landed his BT-13 plane at the Escanaba airport. He resumed his flight at 9:30 a. m.

Odd Fellows—Impellent lodge, No. 460, IOOF, will hold a regular meeting Monday, Nov. 18, at eight o'clock at the lodge rooms.

Marquette county. He returned to Escanaba yesterday.

Ed Dahm downed a 150 pound buck on Saturday while hunting in the Haymeadow country. It was his first taste of deer hunting success.

Important business will be transacted and lunch will be served following the meeting.

Lions Meeting—Dr. M. T. Johnson, director of the Delta county health unit, will be the speaker at the meeting of the Escanaba Lions club Monday night at the Sherman hotel. He will discuss the mobile x-ray unit for tuberculosis control. The unit will be in the county starting Dec. 16.

Violators Fined—James A. Price and William Hill, both of Detroit, were arrested by conservation officers near the Haymeadow Friday on charges of transporting a loaded gun in an automobile. They pleaded guilty before Justice of the Peace Henry Ranguette and each paid a fine of \$25 and \$9.35 costs.

Hospital

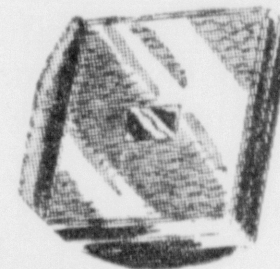

Beverly Brisbane, daughter of Mr. and Mrs. Olen Brisbane, US-2 and 5th avenue north, has been admitted to St. Francis hospital for treatment.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuritic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Buick Compound, a two-week supply, today. Mix it with a quart of water, and the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 3 tablespoons two times a day, often with 48 hours sometimes overnight—excellent results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Buick will not you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Buick Compound is for sale and recommended by drug stores everywhere.

Church Events

Mary Reese Circle
The Mary Reese Circle of the First Presbyterian church will hold a meeting at the home of Mrs. Guy Knutson, 625 South Ninth street, on Tuesday afternoon at 2:30. Mrs. C. Gust Peterson and Miss Ella Christensen will act as the assisting hostesses. Members and friends are invited.

Chapel Ladies Aid
The chapel ladies aid of the Bethany Ev. Lutheran church will meet on Wednesday at 7:45 following the Mid-Week bible study. There will be a fall sale at this meeting. Hostesses will be Elmer Klasell and Mrs. John Decker.

The Women's society of the Bethany Ev. Lutheran church will

Missionary Rally At Calvary Church

Rev. Wilbur Sorley of Chicago will speak at the missionary rally at the Calvary Baptist church this evening at 7:30. The rally will climax the activities of the Calvary Baptist church today. The day has been set as Mission Sunday. The Rev. Mr. Sorley has just resigned as the pastor of Roseland Baptist church and will soon sail for the Foreign Mission Field with Mrs. Sorley.

The Mission Sunday activities are sponsored by the missionary society of the church, Mrs. John Kirkpatrick, chairman. The challenge of missions will be discussed at the morning service by the pastor with several members of the Missionary Society participating in the service.

MOOTE'S LEAD STANDS AT 84

Vote Recount Boosts His Total, Canvassing Board Reports

Munising, Nov. 16—The Alger county board of election canvassers yesterday reported that Arthur Moote, Republican candidate for sheriff, had gained 4 votes, and Russell Boogren, Democrat, had lost 2 votes as result of a recount asked by Boogren.

Moote is the only Republican office holder in traditionally Democratic Alger county.

Previously Moote's lead over Boogren for the office of sheriff had been reported as 78 votes. The recount of four precincts in the county as requested by Boogren brought Moote's total majority to 84.

The recount in the four precincts resulted as follows:

In Burt township both Moote and Boogren gained one vote; in Munising township Moote gained one vote and Boogren lost five votes; in Munising precinct No. 1 Moote gained one vote and there was no change in the count for Boogren; in Munising precinct No. 2 Moote gained one vote and Boogren gained two votes.

The recount was conducted by the board of canvassers composed of C. R. Little, Treasurer; Frank Dehalek, Treasurer; George Mackenzie, Munising; assisted by County Clerk Henry Jacobson.

MRS. RALPH THAYER

Munising—Funeral services for Mrs. Ralph Thayer, Shingletown, resident who died Tuesday, November 12, were held at the Beaulieu Funeral Home, Saturday at 2:00 p. m.

Rev. Ralph L. Hill of McMillan officiated and burial was made in the Maple Grove cemetery.

Palbearers were: Robert Graves, Roy Graves, Thomas Doski, Robert McDonald, Stanley Cleft and Ernest Novotny.

Sacred Heart Will Hold 3-Day Bazaar, Beginning Sunday

Munising—The Sacred Heart church bazaar will officially open this afternoon, Sunday, November 17, with a roast beef dinner at the Legion club from 5 until 7 p. m. it was announced by Rev. Father Harrington.

A Hunters' Ball will be held Sunday evening at the Sylvan Inn beginning at 9:00 o'clock to round out Sunday's activities.

Monday's and Tuesday's bazaar events will be held in the Legion Hall with a social evening scheduled for Monday and a feather party for Tuesday.

One day of the bazaar will be set aside as children's day, it was announced.

Booths will offer a variety of items for sale including fancy work, dolls, candy and baked goods.

The public is cordially invited to attend.

GIRL GETS BIG BRUIN

Miss Burgin, 19, Makes Kill Saturday With 25-30 Carbine

Munising—Miss Lois Burgin, age 19 of Town Line Lake, near Munising, reported to the Conservation department that she had bagged a 200 pound bear yesterday.

Miss Burgin made the kill with a 25-30 carbine and fired the fatal shot while the bear was on the run.

The bear was approaching her as she fired, Miss Burgin reported.

The kill was made in Schoolcraft county near the border line just south of Munising.

EMPLOY THE HANDICAPPED

USES Will Sponsor Film Showing Disabled At Work

Munising—"It's good business to Hire the Physically Handicapped" is a slogan which will be advanced by a film to be shown under the sponsorship of the United States Employment Service on December 20 and 21 at the local theatre, it was announced by George Goss, manager of the local USES.

"No Help Wanted" is the title of the film which has three principal objectives, Mr. Goss stated.

The first is to demonstrate to employers how safely and efficiently physically handicapped persons, veterans and non-veterans, can handle exacting and responsible jobs in business and industry.

The second is to demonstrate to physically handicapped persons themselves—who may have become discouraged or lost confidence—how readily they can readjust themselves and overcome their handicap.

The third objective, he said, is to give the public the background of the problems faced by the handicapped, so that fellow-workers and acquaintances will not make the task of overcoming a physical handicap more difficult than it need be.

In the film, the manager said, scenes in large industrial plants, which have disabled veterans working for them, are shown to point out how persons who have lost arms or legs can do the same work as their more able fellow-workers.

The film will be shown in addition to the regular movie on December 20 and 21.

DROPS DEER FIRST DAY

John Fuller Bags Buck For First Reported Kill

Munising—John Fuller, East Munising, is reported to be the first resident of this town to bag a deer this season.

Mr. Fuller got his deer, a 166 pounder with 10 point antlers, out near Wymans at about 8:30 Friday morning.

Other successful hunters reported are:

Austin Bai—205 pound buck bagged in the "Kentucky" area south of Wetmore.

Francis Dott—165 pound buck with 8 point antlers killed early Friday morning near AuTrain.

Bill Diebert—185 pound deer.

King Messier—201 pound deer.

Frank Stebbins—201 pound deer.

Reino Maki—103 pound deer.

Mrs. Grace Kroll is the only woman reported so far as having filled her license this season. She bagged a 85 pound buck on Friday.

Out-of-towners were also filling their license the first day. Three men, out of a party of four from Detroit, got their bucks Friday morning sometime prior to eleven o'clock and many other downstate hunters were seen with deer lashed to their cars.

Conservation officer, C. H. Carlson reports that the woods was fairly quiet Saturday due to the drizzling rain which fell the greater part of the day.

Presbyterians To Hold Annual Bazaar Dec. 5

Munising—The Presbyterian church will hold its annual Bazaar in the church parlors on Thursday, December 5, beginning at 9 o'clock in the morning and continuing throughout the day, it was announced yesterday.

Booths at the bazaar will feature home-made rugs, baked goods, a special assortment of aprons and a wide variety of home-sewed articles.

Mrs. George Flatley is chairman of the bazaar, with Mrs. Claude Glover and Mrs. Ebbeny Cook as the committee in charge.

The public is invited.

FIRE DESTROYS SISSON HOME

Potter Restaurant Fire Call Received At Same Hour

Munising, Nov. 16—Fire of undetermined origin last night destroyed the Jack Sisson home one and one-half miles east of Munising, with the loss estimated at between \$4,000 and \$5,000.

The Sisson family was not at home at the time the fire broke out and returned to find the house in ruins. The fire was reported at 7:15 p. m., the same hour that a fire call was received by the fire department in the city of Munising. Fanned by a high wind, the Sisson home was quickly destroyed.

In Munising Potter's restaurant, Superior street, was slightly damaged when a chimney fire broke out, causing a blaze by the stove.

The city has two fire trucks, one of which is being repaired and was out of commission last night. The department, receiving both calls at the same time, answered the call from the city because the department is not authorized to leave the city, which would remove the only available fire protection.

List Bowling Sked For Monday Night

Munising—The bowling schedule on the Bay Shore Alleys for Monday, November 18, for the Women's Major league has been announced as follows:

7:00 P. M.—Chaltry's vs. Rebels on alleys 1 and 2; Spearman's vs. Leach's on alleys 3 and 4; Bay Shore Recreation vs. Miller's Grocery on alleys 5 and 6.

9:00 P. M.—Putvin's Drug Store vs. Bowerman's Home Furnishings on alleys 3 and 4; Quins vs. Beach Inn on alleys 5 and 6.

Minor, Age 15, Fined For Game Law Violation

Munising—James Spade, 15 year old boy, was arraigned in Judge Vizona's court on November 14 for unlawfully violating the conditions of application for small game license for minors, it was reported.

Spade was fined \$10.00 and costs of \$6.35.

Complaint was made by conservation officer Ernest Ruecker.

CHOIRS REHEARSE

Munising—The Junior Choir of the Eden Lutheran Church will rehearse at 6:30 p. m. and the Senior Choir will practice at 7:30 p. m. Tuesday, November 19.

ADULT CLASSES ARE STILL OPEN

Sewing And Typing Only Groups Completely Filled

Enrollment in most classes of the adult education school is still open, Charles Follo has announced and persons seeking to enroll may report at the class of their choice Monday evening.

Two classes, sewing and typing, are closed, however, and no additional enrollees can be accepted in these classes.

The classes to be held Monday evening are the following: sewing, senior high school room 201;

typing, senior high, room 301; radio, senior high, room 116; furniture repair, junior high shop; fly fishing, senior high, room 100; knitting, junior high, room 203; Swedish for beginners, junior high room 204; photography, junior high, room 107.

The barber shop quartet class will not meet Monday evening this week, but will meet again Monday, Nov. 25.

LOOKING AHEAD

New buildings of the University of London are supported by concrete pipes, driven 30 feet into the ground. The buildings are so planned that any necessary internal alterations, to meet requirements for years to come, can be made without touching the outer shell.

George Bernard Shaw's total income for the first nine years he devoted to writing was only \$30.

DAILY PRESS BLDG.
111 Cedar StreetLANCOUR IS
LUCKY HUNTERLargest Buck Weighed In
At 210 Pounds, Has
17 Points

Raymond Lancour, Riverdale street, holds the distinction of having bagged the largest buck to be weighed in so far this season at the official weighing station at the city hall.

Lancour bagged a 14 point buck with a 22 rifle, taking 17 shots to down the 210 pound specimen. He got his deer just north of McDonald Lake on Friday afternoon. Lancour said the big fellow was on a dead run when he made his first shot and was about 50 yards away.

Doyle Benedict of Jonesville, Mich., was hunting with Lancour and helped him haul it in.

Yen Patz claims the second largest buck weighing 205 pounds, bagged at 9 o'clock Friday morning near Camp Cooks.

George Schweikert was lucky in getting an eight point buck Friday morning at Thunder Lake.

William McKenzie, hunting near Port Inland, got a nine point 165 pound deer.

Frances Shone, of the Ossa Hotel, bagged an eight pointer and Pete Wallace, hunting with Shone at the Wallace camp on the Manistique River, also has an eight point buck to his credit this year.

State Police Seek
Lower Michigan
Man Hunting Here

The Manistique post of the Michigan state police has received word to try and locate Frank Ackley of Detroit who is believed to be hunting in the Manistique area.

Mr. Ackley is traveling in a car painted red, the letters of the license plate are not known but the numbers are 1411, the state troopers said.

Reason for the search is to notify Mr. Ackley there is a death in the family. Anyone knowing the whereabouts of this man is asked to get in touch with the Manistique state police post.

Social

Bethany Society

The Bethany society of the Zion Lutheran church met Thursday evening in the church parlors.

Devotions were led by Mrs. Frank Schmitt. During the business meeting plans were completed for the coming Christmas bazaar. The next meeting will be the annual Christmas party.

Mrs. Molly Wygal, Mrs. Stanley Schust, Mrs. Matilda McPhail and Miss Helen Wygal were welcomed as new members. Rev. G. A. Herbert closed the meeting with a brief talk and prayer.

Delicious refreshments were served with Mrs. Carl Wedell and Mrs. Carl Olson as hostesses.

Guests at this meeting included Mrs. Scott Creighton, Mrs. Arthur Curran and Kay Valtekunas.

CARD OF THANKS

We wish to express our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends during our recent bereavement, the death of our beloved mother and grandmother, Mrs. Barbara Rodgers. We are especially grateful to Elder Schurer for his consoling words, to those who sent floral offerings, those who donated the use of their cars, the pallbearers and all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:

Mrs. Ethel Hudson
Mr. and Mrs. John Rodgers and Family
Mr. and Mrs. James Rodgers and Family
Mr. and Mrs. Robert Rice and Family

RECENT BRIDE — Miss Ruth Hellsten, daughter of Mr. and Mrs. Maurice Hellsten, Manistique, became the bride of Witter Reid, son of Mr. and Mrs. John G. Reid, of Gulliver, at a ceremony performed November 9 in the Zion Lutheran church. The young couple will make their home in Manistique. (Photo by Bradley Studio.)

R. C. Volunteers
Make Clothing for
Children Abroad

Yarn and other materials for the making of clothes for needy children of foreign countries and the United States is now being distributed to the homes of volunteer workers it was announced yesterday by John I. Bellaire, acting chairman of the Schoolcraft County Red Cross Chapter.

Enough material for the making of 36 girls' skirts, 24 girls' capes and 50 children's flannel bathrobes is being distributed at present.

A "find" of 100 pounds of 100 per cent wool yarn has enriched the county's yarn supply which will be distributed by the Red Cross for making of socks and the like, Mr. Bellaire said.

The yarn and other clothing material is distributed free of charge by a plan worked out for so much material for each article made, he said. In this manner, the housewife may sew or knit whenever she gets a few minutes and the work of making these clothes

City Briefs

Miss Ruth Fletcher and Mrs. Betty Klug returned to Milwaukee after visiting with friends and relatives in Manistique.

James Lowell, this city, who left Thursday to be with his father, O. S. Lowell, critically ill at his home in Buffalo, Minn., has written his wife that his dad is sinking fast and is not expected to live.

A party of three hunters from Hastings, Mich., arrived Friday for a stay at the C. W. Bretz camp, six miles southeast of Germfask. Enjoying a week's hunting in the camp territory are Robert Waldorf, Linden Snyder and Gerald L. Lawrence.

Arnold McMillan visited his home here Thursday while the Steamer McGeen on which he is employed, made a short stop at Port Inland.

Mr. and Mrs. Milan McAllister are leaving Sunday morning for their home in River Forest, Ill., after spending the past few days visiting with Mrs. McAllister's mother, Mrs. Ida Peterson, 138 Cedar street.

Mr. and Mrs. George Kerrigan and Robert and Michael Kerrigan, of Detroit, are spending a few days here visiting with relatives and hunting in this vicinity.

Dennis K. Boyd, son of Mr. and Mrs. Addie Boyd, 220 North Cedar street, submitted to a tonsilectomy Thursday morning at the office of Dr. N. L. Lindquist.

Mr. and Mrs. Alex Cooper and

son, Lowell, have left for Sault Ste. Marie, where they will visit with relatives for a few days.

Pvt. George Dupont returned to his base at Camp LeJeune, north Carolina, Wednesday evening, after spending his furlough here with his parents, Mr. and Mrs. George Dupont.

Robert Southard, of Washington, and Jack Southard, of Rochester, New York, are spending a few days here with their parents, Dr. and Mrs. T. R. Southard.

Mr. and Mrs. George McKenzie and son, Douglas, of Buffalo, N. Y., are expected to arrive today to spend a week at the home of Mr. and Mrs. William McKenzie.

Donald Southard will arrive today from Denver, Colorado, to spend some time here hunting and visiting with his parents, Dr. and Mrs. T. R. Southard.

TEMPERANCE SPEAKER HERE

Mrs. Ruth Locie Talks
At Union Service
Tonight

Mrs. Ruth Locie, of Port Huron, state director of alcohol education for the Michigan Women's Christian Temperance Union, will speak Sunday evening at a union service of all Protestant churches in the city to be held at the First Methodist church. Her appearance here is sponsored by the Manistique Ministerial association.

She will speak at various Sunday school meetings on Sunday morning and spent Friday speaking to various school gatherings.

Her talk at the Methodist church Sunday evening is to begin at 7:30 p. m.

City Police Warn Pedestrians of Heavy Car Traffic

Manistique city police yesterday warned pedestrians, especially school children, to be careful in crossing the streets during the hunter traffic now flooding the city.

Myrna, six-year-old daughter of Mr. and Mrs. George Schneider, Fourth street, coming from the Lincoln school, ran into the side of a car driven by Roger C. Chapman, of 315 Arbutus avenue, during heavy traffic on Thursday about 3:20 p. m.

Chapman told city police investigating the accident that he was going east on Deer street at the speed of about 12 miles an hour, when the child ran into the side of the car. She wasn't badly hurt but was shaken up and frightened. Taken to Shaw hospital she was released after examination.

Safety Awards Are Presented to Three Manistique Drivers

John Swanson, Herman Swanson and Roger Hamel of the Swanson Trucking company, have been awarded bronze pins for operation of the company vehicles without an accident for a period of one year.

The awards were made for the first year the company has participated in a contest conducted by Employers Mutuals of Wausau, Wis.

Rev. McConaughy To Talk in City To Women's Club

Rev. N. U. McConaughy of Iron Mountain will speak at the next Manistique Women's club meeting to be held Tuesday, November 19. Rec. McConaughy, who is minister of the First Presbyterian church of Iron Mountain, will speak on the subject of "A Spiritual Challenge."

Rev. McConaughy has appeared before several other organizations in Manistique in the past and is known as an interesting speaker with a worthwhile message for everyone.

Miss Alice McConaughy, music supervisor of the Kingsford schools, will accompany her father and present vocal selections as the music for Tuesday's program.

Hunting Knives Are Stolen From Parked Car Friday Evening

Michigan State Police of the Manistique post reported yesterday that during Friday night 12 large, new hunting knives and a half dozen candy bars were stolen from an Ossa Hotel guest's car parked near the hotel. A considerable amount of gasoline was also siphoned from the tank of the car.

Celebrate Wedding Date In Germany

Cpl. and Mrs. Joseph Huff celebrated their third wedding anniversary Oct. 18, at the Palm Gardens ballroom in Frankfurt, Germany.

Cpl. and Mrs. Huff and daughter Mary Ann will return to the United States some time in 1948 when they will visit relatives in Seattle, Wash., for three months. Cpl. Huff will then return to Germany until 1951.

Cpl. Huff is a former Gladstone resident.

Mr. and Mrs. Francis Londo and Mr. and Mrs. Elmer Closs are spending some time deer hunting in the Black Creek territory.

Mr. and Mrs. George Minne, Paul Louis, Gordon and James Smith will return home this evening, after spending several days deer hunting at the Louis' camp at Forsythe lake.

Mr. and Mrs. Harold Hillman, Chicago, are visiting with his parents, Mr. and Mrs. Walter Hillman, during hunting season.

Mr. and Mrs. Harold Miller, Lake Fenton, Mich., and Charles Raske, Pommah, Mich., are hunting at the F. J. Miller camp.

WOMAN FILLS TWO LICENSES

Mrs. Helmer Peterson Is
Lucky Hunter; Others
Down Bucks

Mrs. Helmer Peterson, city, shot a 7 point buck at her camp near Ogontz and also shot the camp buck, it was reported yesterday. Mrs. Peterson is in camp with her husband, Mr. and Mrs. Robert Louis and Earl Louis.

It is the second year that she got her deer early in the season.

Dick Moreau, son of Mr. and Mrs. Joseph Moreau, 607 North Ninth street, is another Gladstone high school student to fill his license, getting a 10-pointer weighing an estimated 185 pounds near Chaison early Saturday morning.

Sgt. Willard Wixom, hunting at Whippoorwill camp north of Rapid River, filled his license the first day as did Wally Brunette and Hugo Johnson, hunting from Dr. Hult's camp, and Hubert Bray who is at the Kallerson-Olson camp at Stonington.

Henry Robinson of North Fifteenth street was also an early bird, killing a 14-pointer not far from Rapid River about 9:40 the opening morning.

Albert Wilmutte, who is hunting at Northland, is reported to have shot a 135 pound spike buck on the opening day.

Delor and Vernon Bunno, hunting at the Bunno camp on the west side of the Whitefish north of Rapid River also have their deer.

OUTDOOR HIAWATHALAND

By Vic Powers

When To Hunt?

Now that the opening day's fever is out of the system, one of the subjects that is bobbing up in evening talkfests at the deer hunting camps is that old one: "What is the Best Time of Day to Hunt?"

There are several schools of thought on the subject. Some hunters insist that the way to do it is to be on the spot where you expect to get your shooting before day breaks. Others prefer the last two hours in the afternoon before darkness settles down.

and many an old-timer will inform you that just as many deer are shot at high noon as at any other time of day.

We recently checked over notes on 31 deer killed in one area little more than a square mile in extent during a 15 year period. Four were killed before eight o'clock in the morning, 16 were shot between 10 a. m. and 2 p. m., five were shot after 4 p. m., one was apparently shot by moonlight and the other five were bagged in times between the other groups.

It would seem that the time of day is less important than the kind of weather dished out by nature. When it has rained or snowed for a day or two, all wildlife has been hidden under cover. And, just as a man seeks the warm, returning sunshine so do wild things seem to welcome "fair and warmer" weather.

Excepting waterfowl, which become restless in the late fall storms, wildlife "holes up" until things blow over. Hunger helps to force wildlife into the open after a storm, but at certain joy seems evident in the antics of birds and animals when the sun shines out after a storm.

As one experienced hunter put it: "That's the time to get a shot; after a good hard storm. They'll be playing around in the sun next morning."

For Ducks

And speaking of storms, the weather bureau prediction of weekend weather is just what the duck hunting fraternity has been awaiting for over 40 days, "Rain changing to snow flurries and colder; shifting winds 30 to 40 mph." That is going to make it difficult for many a sportsman to decide whether his weapon will be the shotgun or the rifle. With the duck season ending on Tuesday, it will be hard to pass up what may turn out to be the best shooting of the fall in favor of the deer chase.

For these last few days the shooting hours on waterfowl are from 6:12 a. m. until 3:57 p. m.

"Turn Around"

From a very little rambling in the nearby woodlands since Friday morning it seems to us that a good many deer hunters are going about the sport backwards.

Instead of sitting or standing in the fields or openings, as so many of the gunners do, why not take a stand in the edge of the cover and watch the openings?

Deer may be a little blind but their senses of hearing and smell are not noted for dullness. They will seldom come into the open if the hunter is there before them.

Whatever method the hunter uses, he will do well to SHOOT CAREFULLY. DON'T LOSE HIM. ERESS OUT AT ONCE!

Try to put that bullet or buckshot in the chest area, the closer the heart, the better. The chest

City Briefs

Missionary Circle—The Ladies' Missionary Circle of the Bethel Evangelical Free church of Gladstone will meet at 2:30 o'clock on Wednesday afternoon in the church. Mrs. Gordon Strom and Mrs. Leonard Bengston will be hostesses.

Mr. and Mrs. Percy Cameron and Miss Gladys Foster of Chicago are spending a few days hunting on the Nahma Line with George Swanson of Elkhorn, Wis. James and Milton Damitz, city, Donald Nelson of Rapid River and Elmer Olson, Whitney Dixon, John Pellow and Lester Kenney of Escanaba are hunting from the Johnson camp on the Stonington peninsula.

Marion Long and sons, Vernon, Raymond and Lyle and Walter Hillman and son, Harold, Chicago, are hunting at the Long camp at Kiva.

Mrs. C. F. Nelson, Lutsen, Minn., and Mrs. Art Gravelle, Two Harbors, Minn., are spending several days visiting with their sister, Mrs. E. C. Krout, enroute from Chicago to their homes.

area is between the elbow and the shoulder. Try for the heart and lungs. The vital neck area is a good spot if you can hit it. The brain is a weefully small target and is high enough so that misses can travel a long way beyond the hunter's range of vision. Anything behind the ribs is usually very bad. Hold low and forward.

If a deer is crippled, stay on the trail until you get him. This is when snow helps. Unless you know the deer is down, wait for at least an hour before you follow. He will probably lie down in the first good cover and will stiffen up too much to move far later. If you get after him too soon, he may travel miles before stopping to bed down. If it's too dark to follow far, take up the trail again at dawn. The chances are he will be lying down not far from where you left off. A wounded buck will eventually try to return to his home area. A deer left to die is a total loss in every respect.

Dress that deer out at once. Body heat spoils meat. Cut from the breast bone to the base of the tail, being careful not to puncture intestines. We have seen an old hunter, who got his start by supplying lumber camps with fresh meat, do a quick and neat job with a small-sized pocket knife. Cut around vent and pull in. Roll out viscera, cut gullet loose and drain. Then be sure to swab whole cavity clean and dry. It is easier to hang 'em for cleaning by the hind legs. If alone, bend over a strong sapling, tie, then hoist up with crocheted tripod poles. Prop body cavity open after cleaning.

Above all things be very, very sure it's a DEER you're shooting at and NOT another HUMAN. Never try to carry a deer out of the woods on your shoulders. . . unless you want to take a short cut to another world! If you think you have to take him out that way, be sure and attach a red cloth to the carcass, in fact it would be wise to wrap him up completely in red.

CAR ACCIDENTS INVESTIGATED

Gladstone Youth Escapes
Lightly When Auto
Overturns

Merrick C. Hemphkin, 15, son of Mr. and Mrs. Henry Hemphkin, North 7th street, had a fortunate escape from possible serious injury when he lost control of an auto he was driving and it rolled over near Pioneer Trail Park Friday evening at 7:50 p. m.

Hemphkin came out of it with only a fractured collarbone.

He reported to Michigan State Police who investigated the accident that a motorist in front of him applied his brakes suddenly and unable to stop he swung to the shoulder of the highway and the soft turf caused the auto to swerve and overturn. Both autos were traveling toward Escanaba.

State Police also investigated another accident yesterday on US-2 near Nahma Junction in which an auto driven by Harold W. Sandborn, Route 1, Jackson, was struck in the rear by a car driven by Edward Reed of Flint. Both autos were traveling westward. The accident occurred about 8 a. m. Damage was not excessive. None were injured in the accident.

Reed was given court summons on charges of driving with an expired operator's license and with driving at an excessive speed.

McCarthy's light coupe was demolished when it crashed into the tractor's rear wheels, causing the axle to break. Damage to the truck are estimated at about \$2,500, with damages to the coupe, almost a total wreck, fixed at \$1,500.

McCarthy operates a chain of gasoline service stations in Green Bay, Oconto, Marinette, Menominee and Iron Mountain and was returning to Marinette from a business trip to Green Bay. Kunitzer is a driver for Argale Thompson of Oconto Falls, a contract hauler for the Falls Power and Paper company. The tractor was on its first trip and the trailer its fourth trip.

McCarthy was born in Gladstone and spent his boyhood days here. His father ran a variety store and livery barn in Gladstone for many years.

Briefly Told

Townsend Club — A regular meeting of the Townsend club is to be held Monday night at 7:30 o'clock in the city hall.

Fellowships—The Junior Youth Fellowship will meet at the Methodist church at 4:30 o'clock, while the Methodist Youth Fellowship will gather at the church at 6:45 o'clock to attend a rally at the Bark River church. Additional cars are needed, Rev. Glenn Kjellberg states.

Will Sing—Betty June Quistoff will sing "Jesus, the Good Shepherd" at morning services today in Memorial Methodist church. The sermon topic will be "Nailing Up The Back Door."

Baptist Services—Regular services will be conducted in the First Baptist church today. Sunday school is at 10, junior church and morning worship at 11 and evening services at 7:30. "The Model Preacher" and "The Basic Motives for Giving" will be the sermons.

Welfare Meeting—A business meeting of the Child's Welfare Club will be held on Monday evening at the home of Mrs. John Norton, Jr., 1115 Minnesota avenue, at 8 o'clock. Assisting Mrs. Norton will be the following: Mme. Hanford White, Louis Gabriel and Soren Johnson.

Degree of Honor—The Degree of Honor will hold a business meeting on Monday evening at the home of Mrs. Joseph Mott, 1108 Delta avenue, at 7:30 o'clock. Refreshments will be served.

First Church Choir—The First Church Choir of the First Lutheran church will meet on Tuesday evening for rehearsal instead of the usual Wednesday meeting.

ATTENTION HUNTERS

There will be open bowling every night through Tuesday. If you missed your deer, come and bowl your blues away.

Hamburgers, Ice Cream and Pop served daily.

Jack F. McCarthy, Former Gladstone Resident, Injured

Jack F. McCarthy, 45, of 1113 Stanton street, Marinette, president of the Jack McCarthy Oil company, was reported in critical condition today in St. Vincent's hospital in Green Bay from injuries suffered about 7:30 p. m. Thursday in an automobile accident on US-41, about one-half mile north of Duck Creek.

McCarthy was driving north in a new light coupe and evidently skidded as he was trying to get his car back on the concrete pavement. His car collided with a tractor-trailer truck driven by Gordon Kunitzer, 24, of Oconto Falls, who escaped with bruises to his back, arms and legs.

McCarthy's light coupe was demolished when it crashed into the tractor's rear wheels, causing the axle to break. Damage to the truck are estimated at about \$2,500, with damages to the coupe, almost a total wreck, fixed at \$1,500.

McCarthy operates a chain of gasoline service stations in Green Bay, Oconto, Marinette, Menominee and Iron Mountain and was returning to Marinette from a business trip to Green Bay. Kunitzer is a driver for Argale Thompson of Oconto Falls, a contract hauler for the Falls Power and Paper company. The tractor was on its first trip and the trailer its fourth trip.

McCarthy was born in Gladstone and spent his boyhood days here. His father ran a variety store and livery barn in Gladstone for many years.

Civic Choral Club Plans 2 Concerts

Two concerts have been scheduled by the Civic Choral Club. The first will be given at Pinecrest Sanatorium at Powers, on Saturday, December 7, at 8 p. m., while the second will be presented at Memorial Methodist church on Sunday, December 8, at 3 o'clock.

Four rehearsals are to precede the concerts. They will be on Monday, Nov. 18, at 7:30 in the music room at the junior high; Sunday, Nov. 24, at 3 o'clock in the Methodist church; Monday, Nov. 25, at 7:30 p. m. at the Methodist church; and on Monday, December 2 at 7:30 in the Methodist church.

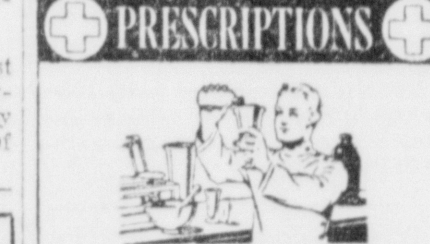

Irving Johns, public school music director, is in charge of the choral club.

Marshall-Mott
Miss Lucille Margaret Marshall, daughter of Mr. and Mrs. William Marshall, 915 Superior avenue, city, and Clifford William Mott, son of Mr. and Mrs. A. H. Mott, 106 South First street, Manistique, Mich., were united in marriage at a quiet ceremony, in the chapel of the Bethany Lutheran church, Escanaba, on Saturday afternoon, at 2 o'clock. Rev. Gustav Lund performed the double ring ceremony.

The couple were attended by Mrs. Paul C. DuRoy, sister of the bride, and Lt. Howard Mott, U. S. Navy, San Diego, Calif., brother of the groom.

The bride was attired in an aqua blue dressmaker suit with black accessories. Her shoulder corsage consisted of red roses and white pom poms.

The bridesmaid chose a grey dressmaker suit with black accessories and her shoulder corsage was of red roses.

Immediately following the ceremony, the newlyweds left for a wedding trip to an undisclosed destination.

They will make their home in Manistique.

Pre-Nuptial Party

A pre-nuptial shower party was held for Miss Lucille Marshall on Tuesday evening at the home of her parents, Mr. and Mrs. Wm. Marshall, Superior avenue.

Games were played with prizes awarded to Mrs. Otto DuRoy, Mrs. Wilbur Rivers, John Larson, Mrs. Melvina Wilhelm and Mrs. Adolph Johnson.

A delicious luncheon was served and Miss Marshall was presented with many beautiful and useful gifts. Party arrangements were made by Mrs. Wm. Marshall, Mrs. Paul DuRoy, Mrs. Clarence Naylor and Mrs. Henry Bosworth.

Bridge Club

Mrs. John Vogt was hostess to the members of her bridge club on Wednesday evening at her home, 1001 Superior avenue, following a 6:30 o'clock dinner at

the Log Cabin. Mrs. Walter Tang had high score and Mrs. H. J. Miller second.

House-Warming

Mrs. Reynold Gagnon was honored at a house-warming shower on Wednesday afternoon at her home, 811 Superior avenue.

A tasty lunch was served and Mrs. Gagnon was presented with a sum of money.

Those who attended were Mmes. Ray Thorbahn, Glenn Thorbahn, Gene Thorbahn, Ira Zimmel and Miss Glenita Thorbahn, city, the Mmes. Joseph Frieden, George Lusardi and Wilfred Ambeau, Escanaba, and Mrs. Walter Englehart, Flat Rock.

Birthday Party

Miss Ruth Ann Miller entertained a group of girls at the home of her parents, Mr. and Mrs. W. C. Miller on Friday evening in honor of her sixteenth birthday anniversary which occurred on Wednesday, November 13.

Games were played and lunch served. A birthday cake, iced in white, and topped by blue candles in pink holders, centered the table.

Those who attended were Mildred Lehto, Betty McKenzie, Maxine Schram, Phyllis Nichols, Helen Canuelle, Muriel Aasve, Pat Bolger and Ruth Ann's sister, Patsy.

Silver Wedding

Mr. and Mrs. Ed Berg, Michigan avenue, will be honored at a party at the First Baptist church at 2:30 o'clock this afternoon, the occasion being their 25th wedding anniversary. There will be a program during which Rev. Bert Friberg will speak.

Obituary

ARCHIE REESE

Funeral services for Archie Reese, 78, county pioneer, will be held this afternoon at 2 o'clock at the Kelley Funeral Home with Rev. Glenn Kjellberg officiating. Barring the body to its final resting place in Fernwood cemetery will be John Lindgren, Robert Gamble, Otto Haberman, Joseph Martin and Ed Moore, city and Frank Varino, Escanaba.

Michigan Defeats Wisconsin 28 To 6; State Tops Marquette 20-9

U. OF M. HOPE IS KEPT ALIVE

May Mean Piece Of Big Nine Championship For Michigan

BY FRANK KENESSON
Ann Arbor, Mich., Nov. 16 (AP)—The University of Michigan kept alive its hope for a piece of the Big Nine football championship by handing Wisconsin a 28 to 6 lacing in which the Badgers only twice had possession of the ball in Michigan territory.

A crowd of 63,415 fans, hiking Michigan's home attendance to a record 514,479 for a seven-game season, watched the Wolverines score twice in the first period on touchdown passes to End Bob Mann and finish off with two more final period scores for their top heavy margin. It was Michigan's fourth Western Conference triumph against one loss and a tie.

Wisconsin's only score came in the third period after Guard Jerry Frei recovered a Wolverine fumble for the Badgers on the Michigan 21. In four plays Wisconsin was pushed back to the 23, where Michigan took over on downs.

Bob Wiese's punt put the Badgers back on their own 37, where they uncorked a drive that carried 63 yards in seven plays. Quarterback Jack Wink taking a 33-yard pass from Halfback Lisle Blackburn for the score.

Except for that brief interlude, Michigan was completely in control of the play all afternoon.

The Wolverines never were in trouble, scoring on sustained marches the first two times they got the ball, Mann taking a 13 yard toss from Halfback Chalmers (Bump) Elliott for the first touchdown and another pitch of 27 yards from the Bob Chappuis to the other. The first drive went 55 yards in nine plays and the second required seven plays to cover 62 yards.

Fullback Dan Dworsky plowed across from the two yard line for Michigan's third touchdown in the final period and End Leonard Ford swung Wisconsin's left end for one yard and the last score just two minutes from the finish.

Michigan's fourth string center, Jim Brieske, converted all four points after touchdown.

So clearly did the Wolverines dominate play that they reeled

off 19 first downs to the Badgers' eight and rolled 451 yards by land and air to Wisconsin's 146. The Badgers broke up five other Michigan scoring threats by holding for downs on their own 16, 24 and three-yard lines and intercepted Wolverines passes on their own seven and 15 yard markers.

Chappuis, shooting for a Western Conference ground-gaining record, raced for 118 yards in 19 running efforts and completed three passes for 43 yards more, pushing his conference total to 770 yards by land and air for the season, just 92 short of Otto Graham's previous high for Northwestern in 1942.

Cummings to Coach Again at Kingsford

Alvin "Dutch" Cummings, athletic director at Kingsford high school in 1944 and 1945, and who accepted a coaching position at New London, Wis., high school this fall, will return to Kingsford as basketball coach, it was announced by school officials.

Cummings appeared at a board of education meeting Tuesday night at Kingsford and signed his new contract. He will take over his new duties at the Flivver school as soon as he is released from his New London contract, indicating it would be about Dec. 1.

Walter Schrader, who succeeded Vic Wojchowski after the latter accepted a similar position in Baltimore in September, will continue as athletic director, school officials said. Schrader will be in charge of the football team and the physical education program and in all probability will assist Cummings in basketball.

Schrader has opened basketball drills and will continue to handle the team until the arrival of Cummings.

Cummings relinquished the coaching job at Kingsford last summer in favor of Wojchowski, who planned to return to the Flivver school after four years of Navy service. Schrader, who also served in the Navy, returned to take over his former position as assistant to Wojchowski. Shortly after school opened this fall, Wojchowski was offered and accepted a coaching position at Mount St. Joseph's high school in Baltimore, Md. Schrader was appointed his successor and with the football material as its lowest ebb in 15 years finished the season with one victory and seven losses.

The Sports Parade

By Ken Gunderson

The list of sports notables who have appeared on the speaking program at the annual football recognition banquet sponsored here by the Chamber of Commerce is a long one. It includes most of the big names in midwest football—fellows like Fritz Crisler, Bernie Bierman, Charlie Packman, Harry Stuhldreher, Jimmie Conzelman, to name just a few. Last year it was a big guy in major league baseball, Dizzy Trout of the Detroit Tigers. This year two men who first gained great success as players and later as coaches will be featured at the football banquet. They are Benny Oosterbaan and Jack Blott of the University of Michigan.

CAGE CIRCUIT IS ORGANIZED

Eight Teams Lined Up In Northern Lakes League

Eight cities have entered teams in a basketball league of players that are out of school and college. Some of the strongest independent teams in the territory are listed. Hubs of Manistiquie, Munising All-Stars, Marquette K of C, Neagunee Beau Chateau, Swift's of Bark River, Hermansville Silver Foxes, V. F. W. of Escanaba and Northern Improvements of Marinette.

A meeting is to be held in Escanaba, Sunday afternoon Nov. 24th, to elect officers and settle all matters pertaining to the league welfare. This session is to be at the St. Joe gym.

A \$50.00 franchise fee is to be paid by the team sponsors, which will be returned at the end of the season, less the usual league expenses of stationery postage, phone calls etc. The entertaining team or home team is to pay the traveling team \$25.00, which will be returned when they play the return game. A full schedule of 14 games will be played.

Games are to be played at the convenience of the home team, and at the present time all indications are that these games will be run off on Saturday and Sunday. MHSAA basketball officials are to be used. Only one man will be used except when two are requested.

Many returned veterans who starred on local teams of past years are practicing nightly along with boys that have finished high school and college. Every manager is keeing his outfit to start off the schedule with a mid-season caliber brand of ball. The first week in December has been set for the opening games. The first round schedule will be published after the Nov. 24th meeting. This is the first league of high caliber teams in the middle section of the U. P. and with the co-operation of the fans, a very highly successful program will be staged.

Traveling attractions have been booked that will bring some of the outstanding quintets in the country to local gyms.

Benny Oosterbaan was the Don Hutson of his day in college football. In fact, Oosterbaan gained greater fame as a college pass snatcher in 1926-27-28 than did Hutson in his years at the University of Alabama, Hutson's greatest gridiron fame came as a professional with the Green Bay Packers. Oosterbaan never played professional football, but he was one of the very few football players of all time to earn All-American honors in all three years of his varsity career. Oosterbaan still ranks as not only the greatest end ever developed at the University of Michigan, but perhaps also the greatest all-around athlete. He was plenty hot stuff in basketball and baseball, as well as football.

Jack Blott, Michigan line coach, who will be co-starred with Oosterbaan on the Escanaba football banquet program, is another Wolverine hero who carved his name deeply into the athletic archives at the University of Michigan. Blott was practically an unanimous choice for All-American center in 1923, one of the five great pivot men in Michigan football history. Besides his sterling center play, Blott was an accomplished dropkicker, an art that is all but lost in modern football since the screwballs stole the goalposts from the goaline and cheated the fans out of one of the game's greatest thrills.

Of all the teams Michigan has played in football through the years, dating back to 1879, few have had a winning percentage against the Wolverines. A notable exception is Cornell, which has won 11 of the 16 games played between the schools. Minnesota is another, with 13 victories over Michigan against nine defeats. Army won both games played against Michigan. They are the only schools which Michigan has met more than once since 1879 and which have a winning percentage against the Wolverines. Michigan has a 9-2 edge on Notre Dame, 27-12 on Ohio State, 29-6 on Michigan State, 15-4 on Wisconsin (not counting yesterday's game), 13-6 on Northwestern, and 22-9 on Illinois.

Hit and Miss—Hal Newhouse, the Tiger southpaw artist, is hunting at Judge John Quinlan's camp west of Newbury this season. . . . To Dutch Cummings, returning to Kingsford as basketball coach Dec. 1. . . . Welcome back. . . . The Kansas City Stars colored basketball team will invade the Upper Peninsula late this month.

TROJANS WILL PLAY ALUMNI

Grads' Challenge Taken Up; Game Set For November 24

Eager to show the old-timers of St. Joe basketball history that they have something this year, the Varsity picked up the challenge of the Alumni team. In order to get at them as soon as possible and at the same time give them both a little practice time, it was decided by both parties to battle it out on Sunday afternoon, Nov. 24th.

The Alumni figure this will be enough time for them and at the same time stop coach Fred Boddy from getting a line on their offense. It has been agreed on by the old-timers to rush the Varsity and give them no chance to get going. They feel that by the time they get their second wind, the Varsity will be so far behind the grads will be able to coast.

Cliff Frasier will coach the Alumni. He was the first duly elected captain in the basketball history of St. Joe. The following men will form the nucleus of his squad: Stropich 44-46, O'Donnell 43-45, Houle 43-44, Ronald Joran 41-43, Gersch 41-42, Dufour 42, Walker 42-44, and Messier.

J. T. King, Tulane line coach, and Jim Keeton, griddler, were coach and pupil before on an Oklahoma high school eleven.

ARMY DEFEATS PENN 34 TO 7

Galloping Glenn Davis Puts On Show For Sellout Crowd

BY SID FEDER
Philadelphia, Pa., Nov. 16 (AP)—Galloping Glenn Davis with his Army playmates turned in one of their more sizzling shows today for the entertainment of a sellout crowd of just under 78,000 customers and careened to a 34 to 7 victory over the ponderous Penn gridders.

They thus made it 27 straight starts without a defeat in their three-year run of wrecking collegiate football machines.

It was an Army team triumph as the Cadets came back hot from their scoreless deadlock against Notre Dame a week ago to push the supposed mighty Quakers all over the place. But, actually, this one was strictly a Davis show.

The California comet did practically everything as he scored two touchdowns himself, forward-passed for another and lateraled for a fourth and put on what comes close to being the top performance of his career.

Quakers Get Nowhere
When it wasn't Davis taking the Penns apart, it was his running mate, Doc (the monster) Blanchard belting away at the line, or Arnold Tucker, the unsung quarterback, pitching passes until he injured his leg and had to be relieved.

Meantime, the Quakers showed a remarkable ability to get nowhere against the Army defenses. They tossed a score into the Cadets for a few moments in the first period when they got an Army fumble on the Cadets 30, and huffed and puffed to the 12, where they tried to settle for a field goal that did not click.

From there until Army ran out its third and fourth stringers in the final chapter, Penn wasn't able to get beyond its own 38-yard line.

Against those bottom-of-the-barrel Army reserves, Penn managed a touchdown when Rodney Adams broke through to block a Cadet punt on the West Point 24. The ball rolled over the end zone and end Frank Jenkins fell on it. By that time, the Cadets had already tallied five touchdowns, with three more Army scores called back.

Penn's short-lived march in the first period apparently got the Cadets' dander up, because they came storming back for 80 yards and their first score early in the second quarter, with Tucker tossing the last 14 yards to Davis. Before the half ended, Tucker again pitched to Davis for a 21-yard and another marker, turning off a 67-yard push that included a 21-yard Tucker-to-Davis pass and a 40-yarder from galloping Glenn to Blanchard.

In the third period, the California whiz-bang engineered another tally that went 78 yards in one lump. Glenn grabbed a Penn punt on his own 22 and zinged 40 yards up to the Quaker 38. The Pennsylvanians apparently trapped him there so he lateraled over to Harold Tazvel, a tackle, who went the rest of the way.

Before the final quarter began, Blanchard belted over from two feet out to put the icing on a 75-yard Army march. Winding it up in the final session, Davis heaved a 37-yarder to Tom Hayes who took the ball on the goal line and went over.

Durocher Rejects Bid From Yankees

Los Angeles, Nov. 16 (AP)—Manager Leo Durocher of the Brooklyn Dodgers said today he had been offered the managerial post of the New York Yankees but turned it down because he had a prior verbal agreement with Headman Branch Rickey of the Dodgers.

Speaking informally at a sports luncheon tendered by Comedian Jack Benny, Durocher said he has an engagement with Rickey in New York Nov. 25, at which time he said he expects to resign to manage the Burns next season. He said tentative details were discussed at a meeting with Rickey several weeks ago in Columbus, O.

Bucky Harris was subsequently signed by the Yankees.

Panelli Sparks Notre Dame To 27-0 Victory

South Bend, Ind., Nov. 16 (AP)—Notre Dame, which played three quarters as if it had left its heart in Yankee Stadium in that scoreless battle with Army a week ago, finally found its spark in 19-year-old Johnny Panelli today and cracked out three touchdowns in the final period for a 27-0 decision over Northwestern.

Gaining their sixth triumph in a campaign for the National collegiate championship, the Irish hurled a total of 45 players against the stubborn Wildcats to wear them down for fourth-quarter scoring drives of 61, 50 and 38 yards in the sleet as a sell-out throng of 56,000 buttoned up its overcoats and roared approval.

Wayne University
Wallops Case 37-6

Detroit, Nov. 16 (AP)—Wayne university showed surprising strength today as it walloped Case (Ohio) 37 to 6 before a homecoming crowd of only 2,157 spectators. Halfback Henry Haag, former Detroit high school player, was the main cog in the Wayne offense as he tossed three touchdown passes and scored another himself.

Wayne dominated play throughout most of the game, with its passing offensive clicking for the first time this year. Wayne had a 10-6 edge in first downs, 93 yards to 50 on rushing and 156 to 49 on passing. The winners completed 12 of 18 passes while the losers made good on two of 14.

MSC OPENS UP IN LAST HALF

Hilltoppers Buried In Spartan Avalanche Of Touchdowns

BY DICK FRAZIER
East Lansing, Mich., Nov. 16 (AP)—A last half avalanche of Michigan State College touchdowns buried the Marquette University Hilltoppers here today, 20 to 9, and allowed the Spartans to snap a three-game losing streak.

A 15 yard holding penalty with the ball on Marquette's four yard line cost MSC a touchdown in the first period and the Spartans couldn't gain consistently in the second stanza, but they got their scoring machinery into gear after the intermission to push across one touchdown in the third quarter and two more in the fourth.

Marquette's alert running attack halted by the Spartan line and its passing game ruined by State's fast charging ends—went no farther than the MSC 45 yard line in the first half and crossed the Spartan's 30 only once in the last two periods, that time on a blocked punt.

A homecoming crowd of 21,041 saw the Spartans win their first home game since dropping Wayne University in the Sept. 28 opener.

On Reverse Play
Michigan State's first touchdown came after Center Bob Muccurry intercepted Marquette Halfback Alan Elger's pass on the State 31 and returned it to the 15. The Spartans scored three plays later, Right Halfback Lynn Chandrais carrying the ball over from the five on a reverse play.

End Matt Mazza added the extra points after the last two touchdowns and missed a 28 yard field goal in the third stanza when his kick bounced off the cross bar and back on to the playing field.

Halfback Ralph McClone, who carried the ball only four times, led Marquette's rushing with a net of 24 yards. Quarterback Rudy Royten of the Hilltoppers, turned in a minus 33 yards (net) and Elger gained only 14.

Third Spartan Win
State dominated the play all the way, going 301 yards on 65 rushing attempts and 115 yards on seven complete passes out of 15 attempted. Marquette gained only 20 yards on 33 rushing attempts and 33 yards on three complete passes out of six tried.

End Warren Huey was the standout on the Spartan line, continually breaking through to smear up Hilltopper passes. Huey also contributed to State's offense, catching five passes for 74 yards and gaining 11 yards on an end around play.

The victory was the Spartans third against five defeats and gave Marquette a won four, lost five seasons record, this being the Hilltoppers' final game.

Bowling Notes

The Bark River Lions beat the league leading Escanaba Lions three games with scores of 798, 810 and 762 for a 2370 total. High single team game of the evening, 871, was rolled by Bark River Culvert. Stan Ostrman of Bark River Culvert had high single game with 207. Bennett of Kewanis No. 2 had high series with 514.

Kewanis No. 2 . . . 11 13 .458
Bark River Lions . . . 11 13 .458
J. C. Penney . . . 7 17 .292

that an underdog Christian eleven has overcome strong odds to beat the Longhorns and spoil their title chances.

Knox was not the only star of TCU's homecoming victory, however, for the entire Frog team, particularly the forward wall, stopped cold the Texas ground and aerial attacks with the exception of one scoring threat in the first period.

Texas Christian Defeats Longhorns

Fort Worth, Tex., Nov. 16 (AP)—Texas Christian's Horned Frogs, led by Carl Knox, 150-pound tailback, playing his first year in Southwest Conference competition, outplayed the Texas Longhorns today to gain a 14-0 victory. That knocked the Steers out of the running for the conference championship.

It is the third time since 1941

In Memoriam
In loving memory of our dear husband and father, John Mattson, who passed away two years ago, November 18, 1944.
We miss you darling father, since you went away.
God didn't give any warning, That He wanted you that day.
Each day brings sweet memories, Each memory brings a tear.
Deep within our hearts we cherish, Thoughts of him we loved so dear.
Sadly missed by
MRS. ANNA MATTSON AND FAMILY.
695-321-11

CARD OF THANKS
We are taking this opportunity to thank the many friends who have so kindly and generously contributed to the needs of our dear father, John Mattson. We are especially grateful to those who donated blood, to Nurse Tebo and Sister Froelich, their many acts of kindness, also for the many beautiful flowers and other gifts. We feel more grateful than mere words can express.
Signed:
MR. AND MRS. THOMAS GOEDERT AND FAMILY.
414 S. 6th St., Escanaba, Mich. 690-321-11

DEER HUNTING RULES LISTED

All Regulations To Be
Found In Game
Digest

For those among the state's 300,000 deer hunters who are hunting deer this season for the first time, the conservation department is recommending a review of the basic rules for the hunt, as they have been in force in Michigan for years.

Novice hunters will find them all in the game law digest that is issued with the license, seal and back tag. The digest map shows the counties open to hunting, and as defined in the digest the legal bag per licensee is one male deer with antlers extending not less than three inches above the skull. Another buck with three-inch antlers may be taken by a party of four or more, on the \$3 camp license, for camp use. No automatic, semi-automatic or auto-loading shotgun or rifle larger than .22 caliber rim fire capable of holding more than six shells in magazine and barrel combined may be used. The seal must be affixed to the deer's antler as soon as the kill is made, and identity of the deer may not be destroyed by butchering and quartering in the field.

Brisk trade in deer rifles coincides with license agents' reports of large numbers of first-year hunters. To make sure beginners and all others are following the rules of the sport, the conservation department has concentrated its officers and their radio-equipped patrol cars in the north, and deputized fire wardens and some townsmen for special deer season duty. Camp inspections and a network of highway checking stations will screen out the violators.

The beginner's best course, conservation officers say, is to consult the old timers. Veteran hunters, they say, can tell the novice not only the fine points of the law, but something of the art and ethics of the sport as well.

Obituary

MRS. JOHN OKERLUND

Funeral services for Mrs. John Okerlund, 1415 Stephenson avenue, will be held at the Anderson funeral home 2 o'clock Monday afternoon, with Rev. Karl J. Hammar officiating. Burial will be in Lakeview cemetery.

MRS. JOHN C. JOHNSON

Final rites for Mrs. John C. Johnson, Old State road, were held at the Anderson funeral home yesterday afternoon, with Rev. Arthur Glen officiating, assisted by Rev. Birger Swenson pastor of Calvary Baptist church. Burial was in Lakeview cemetery. During the services, Mrs. Louis Amundsen sang "Beautiful Isle of Somewhere" and "No Night There." Mrs. Belle Sharpe played the accompaniment.

Pallbearers were H. W. Moore, Christ Johnson, Val J. Bedard, Lloyd Walker, Jesse Burdick and Charles Anderson. Attending the funeral from out-of-town were Mr. and Mrs. Robert Patton and Miss Helen Carlson of Detroit.

Locomotive Kills

Man At Marquette

Marquette—A man identified by city police as Mike Kowhre, or Mike Dubel, was run over and killed by a South Shore switch engine Thursday night about 11:30 on the Third street crossing.

The victim, walking south on Third, fell down on the track and was hit by the engine, which was going west. Neither the engineer, Charles J. Curto, nor the fireman, Wallace Durocher, saw the man, they said.

The only identification the man carried were three pay receipts, two from the G. & T. corporation, a logging concern at Munising, and one from the Bay de Noquet company, Nuhma. One pay receipt dated Nov. 8, 1946, from the Munising company, carried the name of Mike Dubel; the name on the other two was Mike Kowhre. One G. & T. stub was dated Oct. 25, 1946, and the Bay De Noquet stub April 26, 1945.

A slip of paper with the name of Otis Nelson, Manistique, 'phone 642-J, a jackknife, and \$4.23 in cash also were in the victim's brown zipper wallet.

Some authorities say that suicide is more prevalent among educated than illiterate groups.
